

ARCHITECT (M/F/D) WITH EXPERIENCE

Would you like to bring your ideas to life in ambitious projects, whilst contributing both an eye for detail and a broader perspective? Are you an experienced architect looking for an environment where teamwork, quality and creativity are key? If so, we look forward to getting to know you.

About Us

C.F. Møller Architects is one of Scandinavia's leading architectural firms and has been synonymous with award-winning architecture in the Nordic countries and around the world for over 100 years. Our work combines experience, innovation, and Nordic values to create architectural quality that meets both sustainable and aesthetic standards. In this way, we create solutions with lasting value—for clients, users, and society.

C.F. Møller Architects has also had a presence in Berlin for the past seven years. In our office, located on a bright top floor in Schöneberg between Gleisdreieckpark and the Neue Nationalgalerie, an international team of over 35 architects works on a wide variety of projects.

About the position

We are currently looking for experienced architects to join our Berlin office to work on a wide range of projects in Germany – including office and administrative buildings, schools, housing and cultural projects.

You will become part of the multidisciplinary team at C.F. Møller Architects, where a passion for design, holistic thinking and the commitment to turning creative ideas into compelling solutions shape our day-to-day work

Who you are

You have at least seven years' professional experience in German-speaking countries. You are familiar with the HOAI, DIN, ASR and other relevant regulations. In addition, you have several years' experience in service phases 2–5, as well as strong technical knowledge of detailed and construction planning.

You are also familiar with sustainability assessment systems and certifications such as DGNB, LEED or similar. You have a strong focus on quality – both in the details and in the bigger picture. You are characterised by commitment, openness, diligence, team spirit, forward-thinking and proactive behavior, as well as a positive approach to communication. You have a good command of German and English, have experience with BIM, and are proficient in using our central planning tool, Revit.

We offer

We offer you a permanent, full-time position with a salary commensurate with your experience and performance, as well as the opportunity to work independently and take on responsibility. As part of an international team of around 300 colleagues across eight locations, you will be introduced to the in-house standards of C.F. Møller Architects.

Your place of work is Berlin. In addition, you will occasionally travel to the sites of our construction projects and to our headquarters in Denmark.

We support your professional and personal development through internal seminars and regular participation in external training programs. You can expect a dedicated team characterized by open communication, mutual respect, and strong camaraderie.

Practical Information

Please submit your complete application materials in German or English via our career portal.

Your application should include a compelling portfolio, a cover letter, and a resume in table format specifying your available start date and salary expectations, as a PDF file no longer than 50 pages or 20 MB.
